

REFLECTION OF TRANSFORMATION

G A B R I E L E M U S E B R I N K

G. Musebrink '06

Alles ist miteinander verbunden
auf der Erde wie im Universum und
ich bin ein Teil vom Ganzen.

Transformation ist ein
natürlicher Prozess.

Und Liebe ist für mich
das Grundelement von allem.

Everything is connected on earth
as in the universe and I am
part of the whole.

Transformation is a natural process.

To me, love is the underlying element
in everything.
